Bishop Brewster at St. Andrew's Church-Class of Eleven Confirmed -Pupils of Highest Standing at St. Mary's School-O. H. Gave Heart Social.

The annual confirmation was observed at St. Andrew's church Sunday afternoon at 3.50 o'clock and in addition the large congregation which filled the church had the pleasure of hearing bishop Chauncey B. Brewster of Hartford

ford.

Rev. Neilson Pos Carey of Christ church conducted the opening services and the lessons were read by Archdeacon J. Eldred Brown of Trinity church. The class of candidates, numbering eleven, was then confirmed by the rector, Rev. F. Jehns Bohaman, The members of the class were Gertrude Sigrist, Ada Kandiish, Caroline Bowler, Mrs. Sophia Sarah Miller, Mrs. Margaret Wood John William Bowker, Robert William Kendall, Henry Elmer Allen, Joseph Edward Bottomly, John Wood and Frederick Ethelbert Robinson.

The confirmation was followed by the sermon, delivered by Bishop Brewster. He took his text from the thirty-seventh psalm third verse: Put thou thy funct in the Lord and be doing good. Dwell in the land and verily thou shalt be fed. The bishop left instext as a motto for the newly confirmed class.

The full choir of St. Andrew's, both funior and senior, rendered the music and the offertory solo was sung by Miss Manda Baker. The bishop greatly enjoyed the singing and paid the choir a high compliment on its unusual sbility.

TAX LIST REDUCED \$226,584

Board of Relief Completes Work by Working Nights-Net Taxable List is \$16,736,210-List of Additions and Abatements.

After working nights and having one of the most stremuous sessions in years the board of relief completed their dutles in connection with the 1908 tax list, fully satisfied that they had earned their money and fully justified in each and every action. As a result of their work the grand list for 1908 will be \$16.736,210 which is \$376,062 higher than it was lest year. The board made additions to the amount of \$262,019, and additions to the amount of \$326,2019, and additions to the amount of \$32,435, leaving a net abatement of \$226,534 from the list as the assessors left it, which was \$16,958,794.

Because of the additions on the West Side by the assessors, there were many from that section who appeared before the board asking for relief, there being 300 or more in all and about 200 from the West Side. Because of the short time given them after the hearings they found it impossible to look over all the property and do it justice in such a limited time.

There were many small reductions, but the large ones were few, yet the large ones were few, yet the After working nights and having one

In such a limited time.

There were many small reductions, but the large ones were few, yet the largest amounted to nearly half of the total abatement. That was the \$100,000 which the assessors increased the list of the United States Finishing company. The sum of \$10,000 was taken off the list of the Totakett company to equalize it with other mills, while the sum of \$22,000 was taken off the Clinton mills. There was also an abatement of \$15,000 for the Uncas paper mill and \$50,000 from the amount fixed by the American Strawboard paper mill and \$50,000 from the amount fixed by the American Strawboard company, or the Uncas paper mill, and \$50,000 from the amount fixed by the assessors for the Chappell, Ely Co. There was a \$3,000 reduction for J. A. Morgan & Son, while \$5,000 was removed from the list of J. B. Sahnnon. Additions to the bilina and soldiers exempt amounted to \$4,828.

Of the additions there was but one very large, that being \$15,000 on the Yantic woolen mill, while \$4,000 was added to the Glen Woolen mill and \$4,000 to Ada L. Richards' list. There was an increase of \$2,500 for the International Silver company for new buildings, while John Stefner's list was advanced \$3,000.

The board experienced knotty prob-

buildings, while John Stelter's list was advanced \$3,000.

The board experienced knotty problems with the manufactroles, as it was no easy task arriving at their relative values. There were four property owners who came in and made a sworn statement to the board. There were lift changes made by the board. They put in four new lists.

The board numbers John F. Sevin, who made an excellent chairman with his years of experience and the study which he has given the subject; Henity Gebrath, the secretary, who made up the book this year with the accuracy of a veteran and whose years of service on the board have counted well, and James W. Blackburn, the new member, who stepped into the harness for the first time and proved a valued member of the board.

The board keeps a record of its doings so that it is ready for reference at any all times from year to year. The board believes that the polley of the past few years should be continued and as rapidly as possible cover the remainder of the town for the equalization of the lists, it being realized that there are many inequalities existing.

The following is the list of the ad-

thes existing.

The following is the list of the additions and abatements made by the board of relief and the net taxable list is the items where changes were

TO CHIEF STANTON By Sons of Mrs. Louise Franklin Miner for Her Rescue from the Shannon Building Fire.

LOVING CUP PRESENTED

non Building Fire.

In appreciation of his work in rescuing Dr. Louise Franklin Miner from the Shannon building during the fire which destroyed the building, the sons of Mrs. Miner have presented Chief Stanton a handsome nitver loving cup. The gift was received by the chief on Saturday evening during a sossion of the fire commissioners. He fully appreciates the gift and will place it among the treasured mementoes of his fire-fighting career, but states that only his duty was done, as it is the duty of the firemen to save life as well as fight firem.

The cup of solld sliver, with two handles, stands about eight inches high. It is gold lined and contains the following inscription: "Presented to Howard L. Stanton! chief of the fire department, Norwich, Conn. E. Leroy Miner, G. Harry Miner, Allen G. Boxworth." On the opposite side is inscribed, "A token of our appreciation of the unselfish bravery in rescuing out mother, Mrs. Louise Franklin Miner, from the burning Shannon building February 9, 1969." The sons had intended coming here from New York and personally presenting the cup, but were detained.
